Do not count for Power-play or shorthanded situations – **even strength 5 on 5 only.**

A “Dzone Puck Possessions” occurs only **after** a player has 100% puck possession/control (even for an instant) in his defensive zone.

“Successful Breakout With The Puck” is where our player carries, or completes a pass out of the defensive zone without our team losing puck possession. Record the player’s number who carries the puck out of our defensive zone, or who last completes a pass out of the defensive zone to a teammate without our team losing puck possession.
